Pricing is based on quantity specified. We have replaced the hat specified in the Bid with a similar hat. The hat called out in the bid is only available from a couple suppliers who do not have in-house embroidery. Because they don't have in-house embroidery, the cost is significantly higher. We have identified a similar hat that is sufficiently similar but significantly less expensive because everything is in one location. The item we have identified is a Brushed twill low profile structured hat. The structured element of the hat creates the same effect as a mid-profile hat. www.SayNoMorePromotions.com/ftp/hat.jpg We have a sample prepared upon request.

Agency Product Code: Agency Notes:		Supplier Product Code: Supplier Notes: Minimum Order Quantity: 100 Manufacturer: Foamworx Model Number: JJ501 Per piece price includes all shipping, set-ups and run charges. Pricing is based on quantity specified. We have quoted a completely different airplane for several reasons. First, the supplier is not one that we would work with as they do not meet our quality and safety standards. Second, the plane has small parts. With the newly enacted Federal Law regarding toys (CPSIA), we would not recommend giving this toy to children. Finally, the product is painted all over it to make it more realistic. The problem with their decoration is that it does not maximize the branding the Airport is trying to achieve. The plane we selected is better suited as a promotional product, has no small pieces and does fly. The imprint area is on the tail, for an extra cost, the wing piece can also be imprinted. www.SayNoMorePromotions.com/ftp/jet.jpg
